<sup>1</sup>Data reflect RI-funded students as of the Census date of each fall term. First Generation status, Pell Recipient status, and Rural status are 'Not Available' for graduate or professional students. Pell Recipient status is a year in arrears and so is not available for the most recent fall term. Rural status is based on the geographic location of a student's high school within Colorado, so therefore can only be determined for resident undergraduates with a non-missing high school. STEM status is based on a student's major or concentration CIP code as defined by ICE (Immigration and Customs Enforcement) and/or NSF (National Science Foundation).

<sup>9</sup>Data reflect RI-funded, first-time fall starts and summer starts who matriculate to CSU. Rural status is based on the geographic location of a student's high school within Colorado, so therefore can only be determined for resident freshmen with a non-missing high school. Pell Recipient status is a year in arrears and so is not available for the most recent fall term. STEM status is based on a student's major or concentration CIP code as defined by ICE (Immigration and Customs Enforcement) and/or NSF (National Science Foundation).

<sup>10</sup>Academic preparation values reflect the mean value. Mean values are reported for each pre-admit metric based on the total number of students with non-missing data for that particular indicator.

<sup>25</sup>Data reflect full-year Primary Degree Majors and Primary Graduate Certificates awarded in the summer, fall, and subsequent spring of the designated years. For example, degrees awarded in the 2020-21 year includes those earned in Summer 2020, Fall 2020, and Spring 2021. First Generation status, Pell Recipient status, and Rural status are 'Not Available' for degrees awarded to graduate or professional students. Rural status is based on the geographic location of a student's high school within Colorado, so therefore can only be determined for resident undergraduates with a non-missing high school. STEM status is based on a student's major or concentration CIP code as defined by ICE (Immigration and Customs Enforcement) and/or NSF (National Science Foundation).

<sup>26</sup>Data reflect full-year Primary Bachelor Degree Majors awarded in the summer, fall, and subsequent spring of the designated years. For example, degrees awarded in the 2020-21 year includes those earned in Summer 2020, Fall 2020, and Spring 2021. Rural status is based on the geographic location of a student's high school within Colorado, so therefore can only be determined for resident undergraduates with a non-missing high school. STEM status is based on a student's major or concentration CIP code as defined by ICE (Immigration and Customs Enforcement) and/or NSF (National Science Foundation).

### Transfer 2nd-Fall Persistence by Residency - Comparison with Total

<sup>43</sup>Data reflect all (RI-funded and non-RI), full-time fall undergraduate starts. The rates reflect data as of the most recent fall Census. Rural status is based on the geographic location of a student's high school within Colorado, so therefore can only be determined for resident undergraduates with a non-missing high school. STEM status is based on a student's major or concentration CIP code as defined by ICE (Immigration and Customs Enforcement) and/or NSF (National Science Foundation).

### Transfer 4-Year Graduation by Residency - Comparison with Total

<sup>46</sup>Data reflect all (RI-funded and non-RI), full-time fall undergraduate starts. The rates reflect data as of the most recent fall Census. Rural status is based on the geographic location of a student's high school within Colorado, so therefore can only be determined for resident undergraduates with a non-missing high school. STEM status is based on a student's major or concentration CIP code as defined by ICE (Immigration and Customs Enforcement) and/or NSF (National Science Foundation).
